

## GHOST MARKET

Across the sky  
Flames do spread  
Giving a hint  
Of a new dawn's dead  
Holy grounds burn  
By a pale moon light  
Shadows having sex  
Upon a grave site

The dead bare witness  
To this eternal love  
Sacrifice you heart  
To all that's above  
Sacrifice you heart  
To all that's above  
Sacrifice you heart  
To all that's above

The moon is full  
The sky is clear  
The one I love  
I must also fear  
Her fangs are sharp  
Her breath could bite  
The one I love  
Is a creature of the night

The sound of a whisper  
That turns to a scream  
Echoes in your mind  
Or so it does seem  
Louder and louder  
That once small voice does rise  
Twisting and turning  
Tied into knots inside

Confusion and disorder  
General dismay  
Twisted inner workings  
Complicate the day  
Horror concepts  
Benevolent commands  
Electrified perception  
Can not understand
