

VOICES

Whispers of words stumble
Through the air
Deaf to suggestion
But they're still there
Dumb down perception
Numbing of your soul
Scream out the anguish
Of lies forever told

Chorus

I'm hearing voices
Speaking out to me
I'm hearing voices
Speaking out to me
I'm hearing voices
In my head
I'm hearing voices
And I'm hearing them in my head
I'm hearing voices
Speaking out to me
I'm hearing voices
Speaking out to me

Burn down your sorrow
As you step in line
Bury the cross of suggestion
Done lost in your mind
Echoes of yesterday
Slipping out of time
Popping the pills of tomorrow
Drug lust lost in your mind

Chorus

I'm hearing voices
Speaking out to me
I'm hearing voices
Speaking out to me
I'm hearing voices
Speaking out to me
I'm hearing voices
Speaking out to me
To me to me to me to me
I'm hearing voices
Speaking out to me

Chorus

I'm hearing voices
Speaking out to me
I'm hearing voices
Speaking out to me
I'm hearing voices
Speaking out to me
I'm hearing voices
Speaking out to me

Chorus

I'm hearing voices
Speaking out to me
I'm hearing voices
Speaking out to me
I'm hearing voices
Speaking out to me
I'm hearing voices
Speaking out to me
